In a quiet Széphalom side street, a family house with a classic atmosphere welcomes you with a bright living room and elegant dining area. Chandeliers, a white kitchen and finer decorative details create a natural setting for entertaining. The living room invites conversation, while the dining room accommodates longer family lunches.

Six bedrooms provide room for a larger family or a variety of living arrangements. Alongside children's rooms, there can be a study, guest room or separate place to relax. Four bathrooms extend the house's comfort to the morning routine, and the attic rooms give the upper level a more intimate atmosphere.

A covered timber-framed terrace opens the home towards the garden. Coffee together or a quieter afternoon conversation can continue the life of the interior outside. The garden on the 600 m² plot and the double garage both support the needs of a larger family.

Széphalom's residential surroundings are complemented by Pesthidegkút's schools and city connections at Hűvösvölgy. This house expresses classic warmth, with numerous separate rooms, shared spaces suited to entertaining and a covered terrace that brings the garden into everyday life.
