Beyond an ornate entrance passage with coloured glass on a Terézváros pedestrian street, a warm-toned contemporary home awaits. The tall-windowed living room and dark kitchen worktop form a confident, elegant combination. Beside the bioethanol feature fireplace, it is easy to settle into a quieter rhythm after a day in the city.

Fully renovated in 2025, the apartment awaits its new owner furnished and equipped. The gallery sleeping area gives the interior its own character while leaving the living room for shared time. Carefully chosen colours and different levels create a personal atmosphere within the 65 m² home.

An equipped kitchen, built-in wardrobes and laundry room give everyday tasks an orderly place. The shower room follows the apartment's contemporary lines, while heat-pump heating/cooling and electric shutters add comfort. A lift serves the first floor.

The building's historic character and the neighbourhood's cultural life together distinguish the location. The Opera, Basilica, restaurants and metro links offer the possibilities of central-city living. After a day out, you return to a home with an atmosphere of its own. Monthly common charges are HUF 18,400, including water and sewerage.
